RYANAIR: As Ryanair is only flying from the 30th of March but you want to come earlier it is worth to fly to Lanzarote and then take 20 min boat trip or even easier is to fly to Gran Canaria and then take a 30 minute flight to Fuerteventura. To do the Island hop from Lanzarote to Fuerteventura there are two main ways to get there, both by Ferry and both leaving from Playa Blanca. The two different companies are Fred Olsen Express (www.fredolsen.es) and Armas (www.navieraarmas.com). We recommend The Fred Olsen Express because this take less than 15 minutes and they offer FREE transport to the airport (bus leaves at 09.30 from Playa Blanca to the airport.) When you land with Ryanair in Gran Canaria it is very easy to take a flight to Fuerteventura with the flight companies www.binter.com or www.islasairways.com. They have daily many flights that are not expensive.
